January 28, 2005 10 am	California Public Utilities Commission 505 Van Ness Avenue, Hearing Room A (Corner of Van Ness Avenue and McAllister Street) San Francisco
---------------------------	--

At the Pre-Hearing Conference held on January 14, 2005, the assigned Administrative Law Judge, ALJ McKenzie, directed that a workshop be held on January 28 to explore and resolve issues raised in protests to the utilities' applications. The issues include, but are not limited to: (1) the extent to which reliability may be impaired as a result of increasing load on utility systems in the summer of 2005, and possible means of mitigating those concerns; (2) whether the utilities' proposed incentives contribute to margin, or instead negatively impact other ratepayers; and (3) whether the increased capital costs and operation and maintenance costs associated with the proposals for additional line extension incentives will, in the future, have to be borne by other ratepayers. At the workshop, participants will have the opportunity to identify positions, respond to opposing proposals, and propose remedies or approaches to develop workable incentives with positive gains for the other ratepayers. To submit additional agenda items, other than those mentioned at the January 14 PHC or for further information, contact Kathryn Auriemma of the CPUC's Energy Division by email at kdw@cpuc.ca.gov or by phone at (415) 703-2072.

January 31, 2005 10 am	California Public Utilities Commission 505 Van Ness Avenue, Hearing Room A (Corner of Van Ness Avenue and McAllister Street) San Francisco
---------------------------	--

In Decision (D.) 03-07-028, as modified by D03-08-076, D04-11-014, and D04-12-059, the Commission imposed a Cost Responsibility Surcharge (CRS) on Municipal Departing Load (MDL) within the service territories of Pacific Gas and Electric Company, Southern California Edison Company, and San Diego Gas & Electric Company, but deferred issues relating to the billing and collection of the MDL CRS for further consideration. On December 23, 2004, the assigned Administrative Law Judge issued a ruling ordering a technical workshop to be held on January 31, 2005 for purposes of identifying positions and seeking consensus on process and procedures for billing and collection of MDL CRS. At the workshop, participants will have the opportunity to identify positions, respond to opposing proposals, and propose remedies or approaches to satisfy the billing and collection requirements set forth in the above-referenced decisions. Summary: On January 10, 2005, Michelle Robinson, Vice President- Regulatory, Verizon California Inc. (Verizon), met with Peter Hanson, advisor to Cmmr. Brown, in San Francisco. Also present were Aram Shumavon, advisor to Cmmr. Brown, and Asia Powell, Specialist-Regulatory for Verizon. Verizon representatives discussed the ALJ's revised draft decision (RDD) addressing Verizon's petition to modify interim UNE rates established in D03-03-033. Robinson explained that the Ninth Circuit Court's recent decision addressing SBC's common cost factor hinged on the calculation of retail costs. Robinson argued that the RDD makes no attempt to address retail costs, and therefore, the Commission is not assured that the Court's concern is properly addressed. Verizon urged the Commission to reject the RDD and approve Cmmr. Peevey's alternate decision. Robinson noted that if the Commission wants to quickly examine Verizon's interim common cost factor for compliance with the Court's remand, it can do so in the context of AT&T's petition to modify D03-03-033.

1/14/05 A03-08-004 Pacific Gas and Electric Company, for adoption of its 2004 Energy Resource Recovery Account (ERRA) forecast revenue requirement, for review of contract administration, least cost dispatch and procurement activities during the record period January 1, 2003 through May 31, 2003, and for approval of its 2004 Ongoing Competition Transition Charges (CTC) revenue requirement and proposed rate design.

Summary: On January 11, 2005, 2003, Sabrina Chaw, Manager, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Julie Fitch, advisor to Cmmr. Peevey, in San Francisco. Also present were Donna Barry, Team Lead, and Mark Huffman, Attorney, for PG&E. Chaw stated that PG&E's calculation of the ongoing Competition Transition Charge (CTC) revenue requirement for municipal departing load (MDL) customers was correct and that PG&E is merely applying the CTC calculation according to prior Commission decisions. Huffman acknowledged that the MDL customers are being treated differently than direct access (DA) customers regarding the CTC calculation. However, Huffman pointed out that the parties argued to be treated differently and that they asserted that the Commission should charge only the CTC costs, mandated by statute, to departing load customers. Huffman also noted that although the CTC methodology is now legislatively mandated, the Commission has some discretion in calculating the fees. Barry commented that in a prior DA decision, the Commission noted that it had some discretion in developing the appropriate fee structure for calculating CTC.
